

Design buildings that tackle climate change in the Solar Decathlon 2022 Design Challenge!

Apply today with a team to imagine innovative high-performance buildings that address climate change and environmental justice!

Now in its 20th year, the U.S. Department of Energy Solar Decathlon® is a collegiate competition, comprising 10 Contests, that challenges student teams to design highly efficient buildings powered by renewable energy. Compete in 1 of 6 Design Challenge building Divisions:

RESIDENTIAL

- NEW HOUSING
- RETROFIT HOUSING
- ATTACHED HOUSING

COMMERCIAL

- MULTIFAMILY BUILDING
- OFFICE BUILDING
- EDUCATION BUILDING

Team Application Deadline

October 26, 2021

Competition Event

April 22-24, 2022

Golden, Colorado, USA
