#### A. LIVABILITY

1. Is the operation of the house’s lighting, entertainment, and other controls intuitive? **X**
2. Does the design offer the occupant(s) a safe, functional, convenient, comfortable, and enjoyable place to live? **X**
3. Are the unique needs and desires of the target client met by the design? **X**

#### B. MARKETABILITY

1. Does the house demonstrate curb appeal, interior appeal, and quality craftsmanship? **X**
2. Do the house’s sustainability features and strategies make a positive contribution to its marketability? **X**
3. Does the house offer a good value to potential homebuyers? **X**

#### C. BUILDABILITY

1. Are the drawings and construction specifications of sufficient quality and detail to enable a contractor to generate an accurate, detailed construction cost estimate? **X**
2. Are the drawings and construction specifications of sufficient quality and detail to enable a contractor to construct the building as the design team intended it to be built? **X**
3. Are all the house’s materials and equipment commercially available, such that the house can be immediately built in the private sector? **X**

**Total** 93.0

### PUBLIC COMMENTS

This house exhibited superb craftsmanship and spectacular, clean modern design. The team presented a well thought out sustainability strategy and comprehensive user interface. The house was particularly well suited for the small in-fill sites in Vienna.
